Cutting Edge Office Design

Green office design features and practices

Environment Agency, Ghyll Mount, Penrith, CA11 9BP

The Environment Agency hosted a presentation and tour, showing-off the environmentally responsible features of their Ghyll Mount offices in Penrith.

- Photovoltaic & solar thermal systems
- Movement sensitive lights
- Rainwater capture
- Sensitive waste management
- Low environmental impact construction materials, finishings and furnishings

The building won a BREEAM (Building Research Establishment Energy Assessment Method) Award for outstanding energy efficiency.

David Scholey, Regional Facilities Manager, Environment Agency, Knutsford Road, Warrington, WA4 1HT.

David is a Member of the Chartered Management Institute and the British Institute of Facilities Management. He was involved in the creation of Ghyll Mount from conception.
